4.1	Board Meeting - 16 November 2018 In response to a member's question on Item 17(f), the Head of HR & OD advised that Turning Point had been engaged to advise on a new job evaluation process, salary system and gradings for implementation in 2020. It was confirmed that the salary benchmarking framework would be subject to approval by the Board prior to any salary amendments. The Director of Finance and Business Services advised that a view would be taken on Turning Point's recommendations and benchmarking percentages to fit within budget restrictions. The Group Chief Executive sought an additional member to participate in the Working Group which had been set up to complete benchmarking and evaluation processes adding that the project would also look at harmonisation of terms and conditions for ANCHO staff members, with parallel consultation around it, and that all	

	<p>decisions would be subject to Board approval. A new pay policy would be required, within financial constraints and the Association's budget, and consultation with staff would be undertaken from August.</p> <p>A Board member commented on the large year on year variances of Inbucon benchmarking, the Group Chief Executive reminded the board that these had never been recommended by the SMT and confirmed that any new pay policy to be developed for Board approval later this year would address this, and that turning Point had been brought in to address the lack of staff confidence in the current job evaluations process.</p> <p>The Minute was approved</p>	APPROVED

7.	ITEMS FOR DECISION/APPROVAL	
7.1	<p>FEEDBACK ON RENT INCREASE CONSULTATION AND CAIRN RENT PROPOSAL</p> <p>The Director of Customer Services highlighted feedback as detailed in the Report on the 3.3%, and 3.9% to allow £40,000 for medical adaptations, rent consultation options and process which had received a 12.76% response rate, advising that comments received related to affordability and property condition of kitchens and bathrooms.</p> <p>The Head of Customer Services (Tenancy) advised members of a letter received from an MSP, expressing concern about rent increases of 3.3% and approach on affordability for tenants in difficult circumstances, copied to G Walker, SHR Chair. The Group Chief Executive advised members that the emerging rent proposals had been shared with SHR who were content with the approach the Association was taking. A response would be sent to the MSP.</p> <p>Members discussed the current economic climate, large proportion of comments received relating to affordability, medical adaptation issues, and noted the RPI inflation of 3.3% at October 2018.</p> <p>Following full consideration of the feedback Board approved a 3.3% rent increase for all rents excluding the former Communities Scotland Tenants from 1 April 2019, and in context of new rent policy and restructuring.</p> <p>A member highlighted that there appears to be a disconnect with Local Authorities and NHS in relation to the benefits of medical adaptations which enable longer tenancies and reduce bed-blocking. The Director of Customer Services referred members to a recent Report by Hanover HA on the matter.</p>	APPROVED
7.2	<p>Special Audit Report – Rent Consultation</p> <p>The Group Chief Executive presented the Report, apologising on behalf of the Senior Management Team for the administrative errors highlighted in the recent rent consultation process. Members were advised that for additional assurance and transparency a Special Audit Report on the processes and controls involved had been undertaken, and that due to the additional complexity implementing the new rent restructuring model the process had been more complex this year.</p> <p>In response to the Chair’s enquiry the Director of Finance and Business Services confirmed that an incorrect column from a financial spreadsheet had been selected for a mail-merge document. The Director of Customer services added that the additional complexity of checking figures, due to the restructure and new rent model, had been underestimated despite the same project plan being used in previous years.</p>	

<p>7.3</p>	<p>A member commented on the cost of the Audit being added to the financial implications within the Report, potential reputational damage and asked whether the Association was over-committed and how this would impact on future partnerships. The Group Chief Executive responded that there had been no reputational impact, referred back to the Report detailing how the error had occurred and provided the fee for the Audit Report. It was also acknowledged that the error happened during the Wishaw bid, however this was an avoidable administrative error and the focus was now to correct it with as much assurance as possible provided to the Board with improved project management arrangements and clarity of roles.</p> <p>A member expressed concerns relating to void re-let properties detailed within the Report. The Director of Customer Services confirmed the process was agreed on implementing the restructure, checked in June and that assurances had been provided at that time. Open Housing system has been locked down, but not all new tenancies had been checked for a new rent level, and only completed by 2 identified officers. The Director of Finance & Business Services confirmed that the rents will catch up to base rents in rent restructure over next 4-5 years, the £6,000 will reduce.</p> <p>Board will be informed once the rent increase letters had been sent out. Board noted the Report and agreed that the Audit & Performance Committee would consider the Report in more detail at their next meeting.</p>	<p>NOTED</p>
